Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner considered that the arguments for claim 12 is persuasive. Examiner searched again and could not find all the limitations for the claim. Examiner consulted the allowable subject matter for claim 12 with primary Van Nguyen. After considering, Van Nguyen agreed that claim 12 is allowed. Examiner called and talked to the attorney's assistant because the attorney who worked on the response has left the company. Mr. Huang, a newly assigned attorney for applicant responded. Examiner discussed that claim 12 is allowed, and if applicant would like to keep the system claim set of 14, claim 14 needs to have similar limitations as claim 12. Mr. Huang responded that applicant agreed to amend the claim 14 and add new claims having similar limitations as to allowed claim 12. The newly amended claims including computer readable medium, examiner considered and saw the computer readable medium is non-statutory because it comprises wireless. Examiner contacted Mr. Huang and asked him to amend the claim to be computer readable medium to only cover storage medium, not transmission medium. Mr. Huang agreed to amend the claim as suggested.
